Beta Club

The Beta Club is a national leadership organization for high school students. It was founded late in 1933 for the purpose of stimulating effort, rewarding achievement, and encouraging its members to continue their education after high school.

Membership is based on (a) good mentality and character, (b) creditable achievement and (c) commendable attitude. Prospective members must be approved by the head of the school. Membership in the Beta Club does not make it necessary for a student to alter his religious, social, or political ideas.
